

## Richard Harding

I have been resident at SGF since 2017, having lived in the neighbourhood for about 30 years. I have recently retired from full time employment in insurance where I held a series of senior roles with the two largest insurance brokers. I have been a board director of several companies within these organisations.

I have lead teams representing the interests of large multinational entities dealing with their risk and insurance needs. My own role mainly involved the resolution of large complex claims involving significant contractual issues and finding solutions that satisfy various competing interests while preserving important ongoing relationships.

Since joining the SGF Board three years ago I have enjoyed the challenges as well as working with my fellow directors and the professional management team.

Having recently been appointed Board Chairman, if re-elected, I will continue to serve the interests of the shareholders, as well as the wider SGF community, to the best of my ability. We are entering a period during which it is hoped to execute a number of significant enhancements to the SGF estate and I look forward to helping see these projects through to successful conclusions.

We enjoy a very special place here at SGF, mainly because of the careful stewardship of our predecessors. In continuing that tradition, I wish to maintain and enhance our enviable surroundings while ensuring that service charges remain reasonable.
